

freestraws@freestraws-VirtualBox: ~/bloop

To run a command as administrator (user "root"), use "sudo <command>".  
See "man sudo\_root" for details.

```
freestraws@freestraws-VirtualBox:~$ mkdir bloop
freestraws@freestraws-VirtualBox:~$ cd bloop
freestraws@freestraws-VirtualBox:~/bloop$ pwd
/home/freestraws/bloop
freestraws@freestraws-VirtualBox:~/bloop$
```
